## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

With respect to claim 1 in particular, the prior art of record fails to teach or fairly suggest a push key assembly having all of the structure as recited, in combination with and particularly including, an electrostatic or capacitor type sensing and activating circuit located <u>below</u> the plurality of push keys located in keyholes on a faceplate, the keys being <u>activated</u> by contact <u>and approaching</u> of an operator's finger. It is noted that the language of claim 1 requires the key be activated by approaching of an operator's finger, as well as by contact of an operator's finger.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Leslie J. Evanisko** whose telephone number is **(571) 272-2161**. The examiner can normally be reached on M-Th 7:30 am-6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew H. Hirshfeld can be reached on (571) 272-2168.
